

LE-100

Law Enforcement Trainer

The Law Enforcement 100 system (LE-100) is Laser Shot's entry level law enforcement training package designed to work in conjunction with your laptop or desktop PC and LCD projector. The LE-100 package enables a shooter to improve their speed, accuracy, and decision making abilities while developing marksmanship and combat training skills with their own firearm.

System Includes:*

- 100 Series Laser Detection Camera
- Master Blaster Dry-Fire Laser Kit (visible laser)
- 1450 Pelican Case
- Skill Drills Courseware Including Ten Different Judgmental Training Drills
- 100 Series Camera Driver
- Manuals:
 - 100 Series Camera
 - Law Enforcement Courseware

* Requires your own PC and LCD Projector

All contents of the LE-100 package are stored securely in a lightweight portable hard plastic case for easy storage and transport.
